RE: Cracked Windows & Suspicious Sounds

During your regular work routines, we would like to remind you to be cautious of your surroundings. If you notice a crack in a window, a sound that doesn't seem regular, or any other out of the ordinary occurrences you feel to be urgent, please contact building security at 818-846-6804 ext. 2 immediately to notify them. Security is on site 24/7 and will contact the necessary personnel, depending on the situation.

Kindest Regards,

Adam Jahangosha
